The SBS-BVS Board:
P. Neven (President), M. Berlière, J. Collignon, P. Cusumano, C. Duhem,
F. Duhoux, G. Floris, C. Galant, S. Han, I. Nevelsteen, A. Van Hoyweghen.

Dear Colleagues,

The board of the BVS/SBS invites you to our 2025 annual conference, this time on “ *Managing unusual breast cancer cases*”. During the first part, the focus is on **conservative breast/axilla surgery in case of an ipsilateral relapse** and on **aspects of oligometastatic breast cancer at diagnosis**. The second part is on the management of the **young breast cancer patient** followed by **better defining and treating low grade triple negative breast cancers**. We sincerely hope that you will be able to join us, also this year!

The SBS/BVS Board members

08:30-08:55	Registration, coffee and croissants.
08:55-09:00	Welcome.
	Prof. dr. Patrick Neven, UZ Leuven
Part 1 chair: prof. dr. Sileny Han, UZ Leuven and dr. Pino G. Cusumano, CHU de Liège
